

Group Corporate Plan
2021 – 2026

In the past year, the world has changed. We have faced a global pandemic which had a major impact upon our residents, neighbourhoods and communities.

In these circumstances, the Board were anxious that we refreshed our Corporate Plan to ensure we can focus on meeting the needs of our tenants and residents in these new circumstances.

I really do hope, when you read this new Corporate Plan, you will see the Board's ambition has been successful and you can be reassured that Torus will be putting all its efforts into safeguarding, supporting and improving the lives of our residents and tenants in these new circumstances.

Graham Burgess, Chair
